Subject: Feedback

Hi Owen,

As discussed we just wanted to say thanks for finally getting rid of the ants at our office.

After working there for three years and after numerous attempts at getting them eradicated by one means or another it seems that one visit from you finally did the trick.

Miraculously, we haven't seen one since.

The infestation we had at home has also gone without a trace. Great work!

Thanks for the great service and the pleasant and knowledgeable manner in which you do business.

We will not hesitate to recommend yourself and ACES to anyone that tells me they have a similar problem,

Regards,

*Dave Atkinson*
