We recently had a fairly large wasp nest located on our property. After getting several quotes from different companies we decided to go with Aces, who offered us the best price and a can-do attitude. Owen came on site to take a look at the work and quote, and then came back and got rid of the nest in one application. He also returned to check the nest to see if all the wasps had been killed. I found Aces to be informative, very professional and fair with their price, and I would definitely recommend them to anyone with pest problems. Thanks very much Owen!
